LETTER OF APPRECIATION

Dear Norm and Belinda,

On behalf of Real Property Operations Unit (Pacific), I am writing to express our gratitude for the outstanding service that you and your staff provided on 19 April 2018 to support our unit mess dinner.

From the very first moment I engaged you to coordinate the event, you have been very approachable and provided timely responses on all correspondences. You have been extremely accommodating to our requests that you even were able to readjust your schedule to host our dinner. Despite my inquiries sometimes being on short notice, repetitive and abundant, you handled them in professional manner so all my requests were fulfilled to our satisfaction.

I also would like to express my appreciation to the head steward and the kitchen staff who were present on the night of. They were very accommodating and efficient, and it is no doubt that they played a huge role that made our mess dinner a great success. Please send my regards to the Piper as well, who provided an exemplary service.

Once again I thank you for all hard work you had done for us. Your service and support led to such successful mess dinner which was beyond our expectation. We are truly happy with the outcome and we will not hesitate to contact you for any future events.

Sincerely,

Capt Jongwon David Lee

Utility Officer
